ACHIEVEMENTS

SKILLS

- Communication - Expert
- Programming - Experienced
- Decision making - Experienced
- Analytical and Logical Thinking - Experienced

LANGUAGE

Nepali - Expert
English - Expert

SUMMARY

Talented and passionate student eager to covet the knowledge in the field of Computer Science and IT. Ready to collaborate with individuals and mentors for learning and widening my knowledge in this field

EDUCATION

Bachelor

Texas International College / October, 2019 - Present

I am currently pursuing the bachelor degree in the field of Computer Science(Bsc Csit) from texas international college. This is my final year before graduation

+2

Devi Higher Secondary school / Jhapa / June, 2016 - January, 2019

Complete +2 in science with excellent grades in physics and mathematics

PROJECTS INVOLVED

Sentiment analysis application

I have created sentiment analysis application for my 7th semester project using django, nlp and react. The web application consist of user authentication, authorization and text interface where user enters the input text and depending from the input text and the algorithm used such as multinomial naive bayes, logistic regression etc, it provides where the text was positive, negative or neutral. The link is provided below.
